CULINARY EXCELLENCE

RESTAURANT QUALITY MENUS

Food can be an afterthought at an event; but for us, it is the initial thought. The term “banquet” is not in our vernacular. Real food being served by a team that is intensely focused on delivering restaurant-quality experiences in our event spaces. We have an appetite for extreme detail and execution. When you combine our approach to creating a culinary event with our unmatched views, what you receive is a memorable and inspired experience.

INDULGE

THREE DISTINCT RESTAURANTS

We are obsessed with food and beverage. This is an extreme statement, but it is how we feel about our three restaurants. This is why we have joined forces with famed chef and restaurateur Richard Sandoval to develop all three of our restaurants. They will feature Conrad Chicago's passionate and sophisticated surroundings by bringing big, bold flavors and inspired culinary experiences to the Magnificent Mile.

A ground floor restaurant, **Il Tavolino** (means little table in Italian), will pay homage to the neighborhood's Italian roots, while the top floor, **Baptiste & Bottle** is a barrel bar with Great American inspired fare and an extensive bourbon and whiskey selection. **Noyane**, which means "hidden roof" in Japanese delivers exceptional Japanese cuisine. All three restaurants are designed to serve as the ideal location to host your events.

THE JOURNEY

CENTER OF EVERYTHING

We are located at the center of Michigan Avenue in downtown Chicago giving your attendees an iconic spot for business and personal exploration. Take in globally-inspired architecture and design while strolling to the city's most exciting destinations. For those seeking an experience rich in the arts and culture, the hotel is a short ride to some of the world's most captivating museums including the Art Institute of Chicago, The Field Museum, the Museum of Science and Industry, and the Museum of Contemporary Art.
